Emergency Towing and Roadside Assistance Services

Emergency Towing

If your covered vehicle will not start or if you have lost or broken your key, **Extended Audi Roadside Assistance** program will have your Audi towed to the nearest Audi dealership; if your covered vehicle is not an Audi or you are requesting a tow to an alternate location other than the nearest Audi dealership, the covered vehicle will be towed to another service facility of your choice, in each case, within the coverage limits set forth below. Towing assistance will be provided for up to \$100 per occurrence for eligible services for vehicles being towed to a location other than the closest Audi dealership.

Emergency Roadside Assistance

If your covered vehicle has a flat tire, is out of fuel, stuck or has a dead battery, roadside assistance service will be provided up to a maximum of \$100 per event for covered services:

- › **Battery Boost/Jump Start:** If your covered vehicle won't start due to a dead or weak battery, **Extended Audi Roadside Assistance** will provide a jump-start.
- › **Flat Tire Service:** If your covered vehicle has a flat tire, we'll install your inflated spare tire. Multiple flat tires will require a tow.
- › **Fuel Delivery:** If your covered vehicle runs out of fuel, we'll deliver up to two (2) gallons of emergency gasoline/diesel fuel to your covered vehicle, wherever permissible by law. The cost of fuel is not covered.
- › **Winching/Stuck Vehicle:** If your covered vehicle is stuck in mud, sand, snow or a ditch, **Extended Audi Roadside Assistance** will provide winching service to free your vehicle.

Emergency Lockout Service

If your keys are locked inside the passenger compartment or trunk of your covered vehicle, we will dispatch an experienced service provider or locksmith to gain entrance to your vehicle. Service is covered up to \$100 per event for eligible services.

How do I obtain emergency towing, road service and lockout services?

Towing and roadside assistance services are available to you on a sign and drive basis, subject to your membership plan and coverage terms. To obtain service:

1. Call toll-free 1.888.242.6264
2. Provide the Service Specialist with the following:
 - › Your membership number
 - › Your VIN
 - › Area code and telephone number (where you can be reached)
 - › Location of disabled vehicle (city, state, street address and closest intersection or other identifying landmarks)
 - › Description of disabled vehicle (year, model, color)
 - › License plate number and state
 - › Type of service needed (tow, flat tire, jump-start, out of gas)
3. Once your dispatch request has been received, our automated system will call the phone number you provided, and relay

information on the service provider that will arrive to assist you with an estimated time of their arrival to your vehicle's disablement location.

4. If it is safe to do so, please stay with your disabled vehicle. A service provider cannot service an unattended vehicle.
5. Be prepared to present your membership card or driver's license to the service provider, if requested.

Coverage Limits:

For emergency towing to an Audi-branded dealership, **Extended Audi Roadside Assistance** will pay the independent service provider directly for covered services up to \$1,000, regardless of the distance to the closest Audi dealership. For emergency towing to other locations as well as any roadside assistance services or emergency lockout service, **Extended Audi Roadside Assistance** will pay the independent service provider directly for covered services up to a maximum of \$100 per disablement. There will be no out of pocket expenses required from you for covered services up to the **Extended Audi Roadside Assistance** benefit limits. You will only need to sign the service provider's invoice and continue on your way. If the cost of the service exceeds your coverage or benefit limit(s), you will be required to pay any costs over

the program benefit limit(s) or for non-covered service(s) at the time of service delivery.

Towing and road services are limited to (a) one disablement for the same service type in any consecutive 7 day period, and (b) a combined four (4) towing and/or roadside assistance service incidents per membership year. If the frequency limits are exceeded, **Extended Audi Roadside Assistance** will provide you with dispatch assistance for your disabled vehicle. However, you are responsible for full payment of services at the time the service is rendered and payment is not reimbursable. The **Extended Audi Roadside Assistance** Battery Rebate benefit is limited to one battery reimbursement for qualified claims within every two (2) consecutive membership years.
